

PRESS RELEASE

Aquaterra Energy showcases offshore innovation at OTC

Specialist offshore engineering solutions company, Aquaterra Energy, will be exhibiting at OTC in Houston, 6th to 9th May, on stand 2241 - I.

The company has a track record and reputation for delivering complete end-to-end solutions for riser systems, offshore structures and hydraulic systems, to the global energy industry, as well as an extensive equipment inventory.

Representatives from all sides of the business will be on-hand at the show, with many years' experience of working offshore in diverse and challenging environments in the North Sea, South East Asia, West Africa, Europe and USA.

Aquaterra Energy's stand will showcase its engineering expertise and extensive product and service inventory through an audio-visual display and a scale model of its innovative conductor supported platform concept, the Sea Swift.

Patrick Phelan, Managing Director commented: "Aquaterra Energy is a growing force in offshore engineering and we're looking forward to introducing OTC visitors to the range and depth of the skills and services offered by our very enthusiastic team."
