

## PRESS RELEASE

### Two senior appointments for Aquaterra Energy in Aberdeen

Aquaterra Energy in Aberdeen has recruited two senior personnel to its team with Tomislav Pavosevic being appointed as Lead Structural Engineer and Stuart McIntosh taking up the role of Sales Manager.

Former Lead Structural Engineer with DNV, Tomislav Pavosevic has extensive experience in design, certification and verification of offshore and onshore structures, as well as approval and independent structural finite element analysis of jackets and various lifting and drilling equipment,. He will report to General Manager, Eric Doyle, and take responsibility for leading all structural engineering projects.

Stuart McIntosh brings over 20 years' oil and gas sector experience, latterly as UK Operators Supervisor and UK Sales Manager for NOV Fluid control. He will be responsible for Sales activity across the Aquaterra Energy business in Aberdeen.

Eric Doyle, General Manager for Aquaterra Energy in Aberdeen said: "The appointment of Tomislav Pavosevic is another important step in building a first class team to grow our Aberdeen business base. He will work with our established analysis and structural teams in Norwich and Cambridge to ensure we continue to deliver high quality, efficient engineering design solutions to our Northern European client base.

"In addition, Stuart McIntosh has an excellent network and track record in Aberdeen, and provides a single point of contact for sales support for our clients."
