

STATEMENT OF CORPORATE SOCIAL RESPONSIBILITY

At Aquaterra Energy Ltd, Corporate Social Responsibility means operating in a way that is responsible to our key interested parties, this includes our clients, staff, environment, community and suppliers. Within Aquaterra Energy we utilise a range of core systems and processes to help define our approach to how we run our business, which includes, but is not exclusive to:

OUR CLIENTS – we will follow the highest ethical standards, knowing the quality of our products and the dedication of our team builds trust and strengthens relationships. While maintaining our membership to relevant industry Qualification Schemes in the areas we work, we will serve our clients through innovation, high standards of customer service, and respect for the customs and cultures of the countries in which we operate, in conjunction with our own Quality Policy and our ISO9001:2015 registered management system. High standards of corporate governance and compliance with legal and regulatory requirements are a key part of our business.

OUR STAFF – we will treat each other with dignity, fairness and respect. We will foster an inclusive environment that encourages all employees to develop and perform to their full potential. We will strive to provide a workplace where everyone’s ideas and contributions are valued, and where responsibility and accountability are encouraged and rewarded. We will work continuously to prevent injuries and provide a healthy, safe and secure working environment, as supported by our ISO45001:2018 registered management system and provisions.

OUR ENVIRONMENT – as detailed within our Environmental Policy and supported by our ISO14001:2015 registered management system, we will always strive to conduct our business in ways that protect and preserve the environment. We will integrate principles of environmental stewardship and sustainable development into our business decisions and processes to meet international best practice.

OUR COMMUNITY – in support of our Environment and Social Governance Policy and supporting provisions we will seek to invest in the well-being of the communities in which we work through grants, awards, fundraising and community service. We will strive to be a positive contributor to the societies and industries in which we work.

OUR SUPPLIERS – Through mutual respect and openness within our procurement strategy, we will seek to develop closer relationships with our suppliers so that we may both benefit from the relationship. We will work to create an environment that ensures that we meet our obligations to each other, including paying of our suppliers on time, information sharing, as well as any general trading terms and conditions.
